

## **Keeping Alumni Connected to Valparaiso University and Each Other**

Since 1934, the Valparaiso University Alumni Association (VUAA) has worked to cultivate the relationship between the university and alumni. The VUAA promotes and supports the university's mission and enhances relationships between alumni and the university.

Membership in the VUAA is free and open to any graduate or former student completing at least one semester. Honorary membership is presented to anyone who receives an honorary degree from the university or to persons identified by the board of directors.
