

## **CERTIFICATE PROGRAMS ADMIN. THROUGH GRAD/CON.ED.**

### **Council of Deans**

Minutes of the Meeting of January 12, 2000

1. When developing certificate programs in any discipline, the faculty are invited to seek help from the Office of Graduate Studies and Continuing Education. That office has been designated as the locus point of all certificate programs that have the official imprimatur of the University. The office can provide resources but will also provide oversight so as to ensure that certificates conform to uniform academic standards.
